## sKitz Kraven

All she wanna do is fuck  
All she want  
All she wanna do is

All she wanna do is fuck  
All she want  
All she wanna do is

All she wanna do is fuck  
All she want  
All she wanna do is

All she wanna do is fuck  
All she want  
All she wanna do is

(Verse 1)

All she wanna do is fuck  
Yeah it's me she been craving  
All she wanna do is suck  
Spittin like she got rabies  
I just bust a nut  
Swallow all of my babies  
Yeah I'm number one  
There won't be no replacing

We both popped a molly  
Sweatin hard like we racing  
I just did a line  
In the lobby I'm pacing  
I just made her squirt  
Pussy juice I'm tasting  
She just clean it up  
That first high I keep chasing

I just wanna know why  
Them other dudes ain't keepin up  
I just wanna know why

He ain't good when I'm reing up  
I just wanna know why  
Her heart cold but she hot as fuck  
I just wanna know why  
She say she single  
But her man in love  
(Chorus)

All she wanna do is fuck  
She just wanna have my baby  
All she wanna do is fuck  
Tell the bitch she better pay me  
All she wanna do is fuck  
She say yes I say maybe  
All she wanna do is fuck  
So we do you can't blame me

All she wanna do is fuck  
All she want  
All she wanna do is

All she wanna do is fuck  
All she want  
All she wanna do is

All she wanna do is fuck  
All she want  
All she wanna do is

All she wanna do is fuck  
All she want  
All she wanna do is  
(Verse 2)

Stop running your mouth lil bitch  
Youâ€™re out of control  
I make all these rappers fall down  
With domino flow  
Your friends turn to foes when you blow  
That's how the shit go  
Your haters try being your friend  
Like no no no no

I do not be around that fuck shit  
All of these bitches my puppets  
Tell the bitch suck it

Rappers I'm eating like nuggets  
And half of them pussy  
Their penis stay tucked in

I turn a gram to an onion  
I'm a loose cannyon no Runyon  
Giant like Bunyan  
You Know I'm talking about Paul  
I Ain't talking about Gorege  
But you know that I ball

She all on my dick and we just took a pic

I'm gone off that xan and I just copped a zip

My big homie flush you  
Got shit on his hip

The pussy so wet  
That I think I might slip

(Chorus)

All she wanna do is fuck  
She just wanna have my baby  
All she wanna do is fuck  
Tell the bitch she better pay me  
All she wanna do is fuck  
She say yes I say maybe  
All she wanna do is fuck  
So we do you can't blame me

All she wanna do is fuck  
All she want  
All she wanna do is

All she wanna do is fuck  
All she want  
All she wanna do is

All she wanna do is fuck  
All she want  
All she wanna do is

All she wanna do is fuck  
All she want

All she wanna do is
