

This Man Is a Tyranny

Reh Dogg

(Intro)

Arbitrary or unrestrained exercise of power
This is the Government under Barack Hussein Obama
Ruled by absolute power and this is corruption(Verse)
They say he's Hawaiian well that's a damn lie the man is a Muslim
Every chance he gets he oppress the Christians
Having Czars just like the Russians
Chicago politicians are filled with corruption
Get yourself ready for the war it's a revolution
Unlawful laws to disarm up the citizens
Less opposition when the New World Order is here that's the reason
Live free or die that's real to me
I believe in God and he guides and protects me
Obama you will never ever stop me
Cause I believe in God and I know sooner or later he will judge me(Chorus)
Tyranny is Barack Hussein Obama he is a Tyranny
Tyranny this man is a Tyranny
Tyranny is Barack Hussein Obama he is a Tyranny
Tyranny open your eyes and you will see(Verse)
Let's just face it you were never born in Hawaii you're not a Hawaiian
You're a damn liar its plain as day to see you were born as a Muslim
Every chance that you get you oppress the Christians and it's not right son
Having the Czars in the White-house just like you're a cha darn Russian
Chicago politician filled up with corruption
Get yourself ready for the war it's a revolution
Unlawful laws to disarm us the citizens
Less opposition when they form the New World Order that's the reason
Live free or die that's the only way to be(Chorus)
Tyranny Barack Hussein Obama he's a Tyranny (3 times)
Tyranny open up your eyes and you will see(Outro)
And it's time to wake up otherwise you will be left with six,six,six
New World Order
Is that what you want a microchip in your skin
Big brother following you every chance that they get
