

Better Days

Youth for Christ

You've been waiting, anticipating
What God's getting ready to do
In your spirit you can feel it
It's your season for you to break through
So remember the things that you've been praying for
You don't wonder no more
Believe it by faith
Receive it today
Your blessing is on its way

Chorus

Things are gonna get better
We're living for better days
Believe it by faith
That He'll make a way
We're living for better days

Bridge

I know there's greatness in you
You just have to keep the faith
He'll open the door
You'll cry no more
Your troubles won't last always
Oh Oh

Chorus

Vamp

(Oh Oh Oh oh oh)

I believe it

I receive it

We're living for better days
We're living for better days

I believe it

I receive it

We're living for better days
Better days

Oh Oh Oh Oh Oh

I believe it
I receive it
We're living for better days
Better days
