

We Started a Band

Frank Hamilton

Tired of this
Tired of you
Tired of everything
Bored of circles
Bored of squares
Bored of words that don't solve anything
Caught some dogs when we fight
With my bark and your bite
And the music plays on
But we're singing different songs
It feels like we started a band
It didn't work out
Didn't work out how we planned
There's a tear in my eye
And maybe our songs were no good
Or maybe we just fought too much
Another life
Another world
Another galaxy
I could see myself
Fighting battles with you next to me
So fucked up when we fight
With my bark and your bite
And the music plays on
But we're singing different songs
It feels like we started a band
It didn't work out
Didn't work out how we planned
There's a tear in my eye
And maybe our songs were no good
Or maybe we don't talk enough
It feels like we started a band
It didn't work out
Didn't work out how we planned
There's a tear in my eye
And maybe our songs were no good
Or maybe we just fought too much
