

Hard On Me

Gary Glitter

Hard headed woman, hard headed man
Never stopped fighting since the world began
Now I'm not evil and I'm not cruel
But keep us together, I'm lay down the rules, I said
Hard on, hard on me
Hard on, hard on me
Hard on, hard on me
We hard on me, hard on, hard on me
Hard on, hard on me
Hard on, hard on me
Hard on me
We got something going that could be so good
But every time I hold you, I'm knocking on wood
If you got any lovin' and respect for me
You gotta see it my way, how it's gonna be
