Fight For Life

Jungle Rot

Underneath a darkened sky
Drifting through a sea of lies
Pulled into the undertow
My body dragged deep belowThis man came unto the sun
Senses changed evermoreGive me strength to push on through
(Give me strength)
Seeking shelter from the stormCarry my weight when I can't go on
Uplift my spirit so I carry on
Was once lost but now I'm found
Darkness pass away into the light of dawn
Push on throughFight for life
Fight for lifeMy war is not yet finished
But with the spirit I restI fear not death
I fear no man
I will prevailGive me strength to carry on
Push on through the light of dawn
(Push on through)Carry my weight when I can't go on
Uplift my spirit so I carry on
Was once lost but now I'm found
Darkness pass away into the light of dawn
Push on throughFight for life
Fight for life
Push on throughFight for life
Fight for life
Push on through
