Souls Of Black (Alcatraz Revisit)

Testament

Can't you see
That in the world we live in
Political lies
Are just corporate decisions
They'll take away
All the hopes, not their promises
They'll put an end to this
Land of the livin'Look at the lost souls
They seem so black
Look at the lost souls
Souls of blackThey got control
Of the heart of a nation
Their social bribes
Seem so graciously
As time goes by
Cause time as you came see
Will slowly die for you and meLook at the lost souls
They seem so black
Look at the lost souls
Souls of blackSo put an end
To this idolization
Antagonizing so commonly
Open your eyes
Cause the lie's there so plain to see
Life goes on
There's no guaranteesLook at the lost souls
They seem so black
Look at the lost souls
Souls of blackThey're bleeding so black
