Shook (the Answer)

Keshia Chante

Yeah, yeah, yeah
When we was out to catch a flick
Just me and my clique
I made sure that we wasn't late
'Cause the movie started at eight
I was chilling in back seat
Take the first one I can see
This boy came and sat beside next to me
He really blew my mind
Can't concentrate, feeling sweaty
Getting butterflies, getting dizzy
Got to keep it cool, got to keep it fly
And remember, he is just a guy
Tell me what is this feel inside?
I never felt like this before
Alright, but I got to keep it real tonight
This boy, he got me shook
'Cause he's looking so fine
He's gonna be mine
The way that he moves just gets to me
Keep shaking that thing
You're making me sing
He got just what I like
Every day of the week
My baby's so sweet
Come over here and let's sit down tonight
You're looking so right
Your game is so tight
This boy, he got me shook
Back stage at the fashion show
Lights out, I'm ready to go
Looking down at the runaway
Saw the boy from the other day
He was checking out my silky gear
Didn't expect him to be here
And Keshia's got a secret
He's the boy that I wanna be with
Can't concentrate, feeling sweaty
Getting butterflies, getting dizzy

Got to keep it cool, got to keep it fly
And remember, he is just a guy
Tell me what is this feel inside?
I never felt like this before alright
But I got to keep it real tonight
This boy he got me shook
'Cause he's looking so fine
He's gonna be mine
The way that he moves just gets to me
Keep shaking that thing
You're making me sing
He got just what I like
Every day of the week
My baby's so sweet
Come over here and let's sit down tonight
You're looking so right
Your game is so tight
This boy he got me shook
Mm, mm, yeah, yeah
Mm, mm, yeah, yeah
Mm, mm, yeah, yeah
All that I could say was
Mm, mm, yeah, yeah
Mm, mm, yeah, yeah
Mm, mm, yeah, yeah
This boy he got me shook
'Cause he's looking so fine
He's gonna be mine
The way that he moves just gets to me
Keep shaking that thing
You're making me sing
He got just what I like
Every day of the week
My baby's so sweet
Come over here and let's sit down tonight
You're looking so right
Your game is so tight
This boy he got me shook
'Cause he's looking so fine
He's gonna be mine
The way that he moves just gets to me
Keep shaking that thing
You're making me sing
He got just what I like
Every day of the week

My baby's so sweet
Come over here and let's sit down tonight
You're looking so right
Your game is so tight
This boy, he got me shook, yeah, yeah
