

Way Off

Bear In Heaven

I was broken
Brought into the world
Screaming for love
And to be heldThe world was small
So small to me
And I could hardly wait
To be oldEverything
I knew everything
How to live and how to die
And ladies
With all my heart
I began to see
The river run
The falling sun
A new world
Did I know
Everything
Or did I know
I will never tellDid I know
Everything
Or did I know
I will never tellNow I'm deep
Years in the city
And I know how to
Try too hard
And hate myself
Now I'm deep
Years in the city
And I know how to
Try hard and live without
And think way off
Somehow
My friends are still there
I will never tell
I will never tell you
And you will never know
Oh no no no noDive headlong in the ocean wave
Floating free is your indemnity
Until we meet again

Somewhere new

For you

For you

Somewhere new

For you

Way off
