

# Loki

## Root

At midnight when owl hoot  
And moon is full, and moon is full  
Draw nearing time  
I screech frightened  
My friends runaway, runaway from  
my home  
I'm shakin' with frighten'  
I know that it isn't dream  
I know that it isn't dream  
I'm turn into LOKI - my tooth is sharp  
my claws want break - eyes is glare  
my tongue is bloody - I'm shakin' with mad  
and rushing and rushing - into depth  
of black night.

LOKI - LOKI - LOKI

At day break I'm come back  
on my hands is blood  
My turn was done  
I'm human again !  
But this nothing for me  
I wanna be LOKI again !  
LOKI - LOKI - LOKI
