

Wonderlove

Ian Cussick

I believed that one day love would cast a line
I believed there was something more for me to find
 Hoping today, hoping tomorrow
 Taking it all in stride
I believed, I could be chasing my mindThere you were, like a dream to me
 Wonderlove, could this really be?
 Wonderlove, can I make you see?
You're the world to meI believe if only we could take the time
 Eventually we would learn each other's life
 Open your heart, give it a moment
 Leaving the cares behind
Happily, we could be two of a kindThere you were, like a dream to me
 Wonderlove, we were meant to be
 Wonderlove, can I make you see?
You're the world to meIt was the very next day that I came alive
 The door flung open, there was a vision
 Couldn't believe my eyes
Everyone immortal like as though they didn't get itEveryone believing here at last receiving
 Wonderlove, it's a place we all belong
 Wonderlove, wonderlove, can I make you see
You're my worldI believe I could walk a thousand miles
 Just to see the vision of your simple smile
 Everyday, wanting to follow
 Forever by your side
Faithfully, you are my destinyThere you were
 Wonderlove, we were meant to be
 Wonderlove, it's the world where we belong
 Wonderlove, together we will faithfully
 Wonderlove, can I make you see
You're the world to meJust imagine what you give is who you are
 And where you're going to
If you're looking for the wisdom of the world
 All you've got to do is let it coming through
 Be forever, just imagine, wonderlove
