

# If You Leave Me, (Pretty Mama)

[Nick Drake](#)

Believe me, pretty mama  
Better not treat me right  
Just have to forget you  
After tomorrow night Believe me, pretty mama  
Better take your picture too  
Don't want to remember  
What a good looking girl can do Don't send me no letter  
Don't write me no postcard  
Thinking about you, baby  
Makes it twice as hard Believe me, pretty mama  
Better not treat me right  
Just have to forget you  
After tomorrow night Well I'm sitting here  
On the sudden(? )  
Watching the trees go by  
My baby, at the end of the depot(? )  
Lay me down and cry Believe me, pretty mama  
Better not treat me right  
Just have to forget you  
After tomorrow night
