

# Baptised in Fire and Ice

## Bathory

Fire and ice  
Fire and ice  
Fire and ice  
Fire and iceBorn a son of Nordic tribe  
Early spring morning I arrived  
When sails were set, the ships all done  
To sail with wind a waves for longDown foreign shores across great waters  
Many hundred miles from home  
This half a year deep frozen land  
Were I on this morning was bornProudly my Father took me in  
His arms and walked outside  
Where for the first time  
Light struck my newborn childEven though told when older  
I can almost recall the scene  
When he held me high up towards  
The most beautiful sky ever seenBaptised in fire and ice  
Baptised in fire and ice  
Baptised in fire and ice  
Baptised in fire and iceOh, with gentle hands he did sway me  
Over the flames to strengthen and purify  
Oh, with loving words he dab me  
With springs last snow for cleansing me his childI grew and learned respectfully  
The earth, wind, water and the sky  
The powers that decided the weather  
And rules both the dark and lightI heard the voices of the spirits  
Of the forest call my name  
I saw the hammer way up high  
'Cause lightning in the rainWatching crystal flakes  
Of falling snow on winter nights  
Uniting with the pure white flames dance  
When reaching for the skyBrings me back to the morning this world  
First heard my battle cry  
Gently swayed above the flames  
And cleansed with snow and iceBaptised in fire and ice  
Baptised in fire and ice  
Baptised in fire and ice  
Baptised in fire and iceOh, having it with me  
From the first day of my life  
Oh, I always carry them within me

The powers of fire and ice  
Now I pass unto thee  
My son what was given to me  
Baptised in fire and ice  
Baptised in fire and ice  
Baptised in fire and ice  
Oh, having it with me  
From the first day of my life  
Oh, I always carry them with me  
The powers of fire and ice
