

Monumental Glow

HOLYCHILD

I know it's mine until
The day your head will fill
The little things they get me crazy
The only way you know me, baby
I'll shut my mouth as told
Leave judgment for the bold
We're only running just to catch up
Believing that we never fucked up
The monuments will show
We were meant for so much better
Betraying all the glow
Heavenly and held forever
Proceeding eyes will hold
Fragments of the plastic gathered
Let go of the shame
They won't know the blame
I lose myself in skies
Supporting all my cries
We'll stop for more and we'll just undress
It only matters when you're famous
It's frantic when you choose
Perception gripping you
I'm living for the hedonistic
It only matters when you risk it
The monuments will show
We were meant for so much better
Betraying all the glow
Heavenly and held forever
Proceeding eyes will hold
Fragments of the plastic gathered
Let go of the shame
They won't know the blame
You go away
I know that I can call anytime
But hours shake the girl
Making me unsure
I know that I can fumble the ways
My words will slip all over the days
Cause time is pushing through

And nothing's stopping you
So baby won't you hold up my hair
And tell me that you always will care
 With bile on my lips
 And falling off in drips
 The saddest part is living for one
 When every moment we're told to run
 And I'm not meant for this
 Retreating for the bliss
 The monuments will show
 We were meant for so much better
 Betraying all the glow
 Heavenly and held forever
 Proceeding eyes will hold
 Fragments of the plastic gathered
 Let go of the shame
 They won't know the blame
 The monuments will show
 We were meant for so much better
 Betraying all the glow
 Heavenly and held forever
 Proceeding eyes will hold
 Fragments of the plastic gathered
 Let go of the shame
 They won't know the blame
