

Tha Eastsidaz

Snoop Dogg Presents Tha Eastsi

Mobbin', straight billin' through the Eastside
Never had a site to rhyme but I'm still mobbin'Dope dealers, to the fullest
I keep my glock, stuffed with rocks so watch out for the bullets
Eastside, young nigga sportin' them chucks
Never givin' a fuck so watch out for the come upThem Eastside niggas be the crip, crip, craziest
Ride wit my niggas, fool, we gon' die for this
No need to be a punk, just dump when I say so
Empty the clip, another block let's goI don't give a fuck about some posted what
So C slide me the mac so I can rip shit up
We ain't finished with this mission so listen to what's crackin'
We ain't rollin' wit you niggas that's scared to do the jackin'The plan don't stop, nigga, fuck the cops
If a nigga snitch he the first nigga to drop
That's all my game, we ride like macked up trucks
You know them niggas on the Eastside be givin' it upJust blast for me and I'ma blast for you
When I'm in jail, get cash and I'ma mash for you
That's on the real, homeboy, don't let me down
I clown, homeboy and I bang the poundWe Tha Eastsidaz, what define us is we ridaz
And when we come through real niggas stand beside us
Killers, cutthroats and knives
Bringin' it the livest and leavin' no survivorsWe Tha Eastsidaz, what define us is we ridaz
And when we come through real niggas stand beside us
Killers, cutthroats and knives
Bringin' it the livest and leavin' no survivorsI still wear the same pair of khakis, 'least three days
Nappy ass, French braids and it ain't no thang
Hang with motherfuckers wanted for all types of crimes
Plus them little bitty niggas on they bikes wit ninesOn the grind no I rhyme nigga times is hard
Got jugs of water buried all across my yard
One time on my line tryin' ta find a cause
Toss a nigga in the street and reach up under my ballsGuns cocked, mug shots, cell blocks and locked down
But I done made it too far to stop now
Results of a banger, to most I'ma danger
No hope for those who come to close to the chamberBitches lovin', I'ma gangster so fuck it
No matta if I hafta I get at 'em in a bucket
Tuckin' in my shirt and all that shit don't work
First look, say, I'ma crook that did dirt for the turfHigh talk, high walk when I stalk the street
Guarantee who try to see me come across the feet
It's a Eastside lifestyle, wild and foul
Goin' out, puttin' it down, sayin' fuck the trialAim is to be famous wit major loot
A gang of juice in case I gots to bring the troops

And everybody know the Eastside the craziest
So motherfuckers know it ain't no fadin' this We Tha Eastsidaz, what define us is we ridaz
And when we come through real niggas stand beside us
Killers, cutthroats and knives
Bringin' it the livest and leavin' no survivors We Tha Eastsidaz, what define us is we ridaz
And when we come through real niggas stand beside us
Killers, cutthroats and knives
Bringin' it the livest and leavin' no survivors We Tha Eastsidaz, what define us is we ridaz
And when we come through real niggas stand beside us
Killers, cutthroats and knives
Bringin' it the livest and leavin' no survivors We Tha Eastsidaz, what define us is we ridaz
And when we come through real niggas stand beside us
Killers, cutthroats and knives
Bringin' it the livest and leavin' no survivors
