

Never Give Up

Barbra Streisand

I'm a mine of information
I'm a stranger to the cause
I've been watchin' you watchin' me, babe
But the words I had are lost Just wanna go down to your fire
Wanna rise up in your flames
I wanna be everything you need, babe
I'm begging you to stay in my heart A room with a view, there's only a fool there
I will never give up, never give up, never give up
I will never give up, never give up, never give up
I will follow you home, how can you turn me away? Did you ever get hungry or thirsty
With a dream to satisfy?
You don't wanna be safe from being lonely
But you're throat is kinda dry Did you ever get senseless or defenseless?
An exception to the rule
Ain't nobody pushin' you but you're rushin' in
And I'm beggin' you to stay in my heart Whatever it takes to make you belong there
I will never give up, never give up, never give up
I will never give up, never give up, never give up Love knows no other way
Being together and hearing you say you'll be mine
You're my world and I'll be forever yours You don't wanna be safe from bein' lonely
But you're throat is kinda dry Did you ever get senseless or defenseless?
An exception to the rule
Ain't nobody pushin' you but you're rushin' in
And I'm beggin' you to stay in my heart A room with a view, there's only a fool there
I will never give up, never give up, never give up
I will never give up, never give up, never give up
I will follow you home, how can you turn me away? I will never give up, never give up, never give up
I will never give up, never give up, never give up
Love will follow you home, how can you turn me away?
I will never give up
