Never Give Up

Barbra Streisand

I'm a mine of information I'm a stranger to the cause

I've been watchin' you watchin' me, babe

But the words I had are lostJust wanna go down to your fire

Wanna rise up in your flames

I wanna be everything you need, babe

I'm begging you to stay in my heartA room with a view, there's only a fool there

I will never give up, never give up, never give up

I will never give up, never give up, never give up

I will follow you home, how can you turn me away? Did you ever get hungry or thirsty

With a dream to satisfy?

You don't wanna be safe from being lonely

But you're throat is kinda dryDid you ever get senseless or defenseless?

An exception to the rule

Ain't nobody pushin' you but you're rushin' in

And I'm beggin' you to stay in my heartWhatever it takes to make you belong there

I will never give up, never give up, never give up

I will never give up, never give up, never give upLove knows no other way

Being together and hearing you say you'll be mine

You're my world and I'll be forever yours You don't wanna be safe from bein' lonely

But you're throat is kinda dryDid you ever get senseless or defenseless?

An exception to the rule

Ain't nobody pushin' you but you're rushin' in

And I'm beggin' you to stay in my heartA room with a view, there's only a fool there

I will never give up, never give up, never give up

I will never give up, never give up, never give up

I will follow you home, how can you turn me away? I will never give up, never give up, never give up

I will never give up, never give up, never give up

Love will follow you home, how can you turn me away?

I will never give up
