Come Back To Me

David Cook

You say you gotta go and find yourself
You say that you're becoming someone else
Don't recognize the face in the mirror looking back at youYou say you're leaving as you look away
I know there's really nothing left to say
Just know I'm here whenever you need me I'll wait for youSo I'll let you go, I'll set you free
And when you've seen what you need to see
When you find you, come back to meTake your time, I won't go anywhere
Picture you with the wind in your hair
I'll keep your things right where you left them
I'll be here for youOh and I'll let you go, I'll set your free
And when you've seen what you need to see
When you find you, come back to meAnd I hope you find everything that you need
I'll be right here waiting to see
You find you, come back to meI can't get close if you're not there
I can't get inside if there's no soul there
I can't face you, I can't save you
It's something you'll have to doSo I'll let you go, I'll set you free
And when you've seen what you need to see
When you find you, come back to me
Come back to meSo I'll let you go, I'll set you free
And when you've seen what you need to see
When you find you, come back to meAnd I hope you find everything that you need
I'll be right here waiting to see
You find you, come back to meYou find you, come back to me
When you find you, come back to me
When you find you, come back to me
