

# Pass Us By

## Brooke Valentine

Keep the party goin', c'mon  
Alright babe, alright babe  
He walked right by me  
I knew he was a hottie  
I had to back it up  
So I can go and say, "Hi"  
He had a cute little booty  
My thoughts froze through me  
I had to get them digits  
Gotta mack to him smoothly  
And say, "Hey boy, you lookin' kinda cute  
Won't you slip me them digits on the cool  
Wanna hook up with you real soon  
Hope I ain't too aggressive for you, babe"  
I see you lookin' baby, don't be so shy  
Better catch me now, now, now  
I see you lookin' baby, don't be so shy  
Better catch me now, now, now  
Love [Incomprehensible] pass us by, by  
Don't let love pass us by, pass us by  
Everythin' is right about him  
He's just my type  
Ain't no slippin' in my pimpin'  
Gotta lock his thang tight

Though I'm not that kinda girl  
There's a first for everything  
When I see somethin' I want  
'Coz I'm spoiled as can be  
I say, "Hey boy, you lookin' kinda cute  
So won't you slip me them digits on the cool  
I wanna hook up with you real soon  
I hope I ain't too aggressive for you, babe"  
I see you lookin' baby, don't be so shy  
Better catch me now, now, now  
I see you lookin' baby, don't be so shy  
Better catch me now, now, now  
Love [Incomprehensible] pass us by, by  
Love [Incomprehensible] pass us by, pass us by

You could be the one to marry me  
A house, a dog, you can be my baby, Daddy  
Love [Incomprehensible] pass us by, by  
Don't let love pass us by, pass us by  
I see you lookin' baby, baby  
I see you lookin' baby, baby  
Pass us by, by  
Don't let love pass us by, pass us by
