Fallout

Marianas Trench

Empty room, I'm empty too
Everything reminds me of you
So many things I shouldn't of missed
The more that I push and the more you resist
Its easy to say its for the best
When you want more while you leave me with less
I know your fine but what do I do?
I know your fine but what do I do?
I'm awake and trying
While you're sleeping like a babe beside him
I'm on the ledge while you're so
God damn polite and composed
And I know you see me
and you're making it look so easy
What comes and goes I'd go with out
I know your fine but what if I....
Fallout (fallout) Fallout (fallout) Fallout
Fallout through the fallout
Fallout (fallout) Fallout (fallout) Fallout
Through the fallout
Well now there's him and now there's me
The secrets you give and secrets you keep
And nevertheless it's never you let
It's more that I give and the less that I get
Don't tell me to fight, to fight for you
After this long I shouldn't have to
I know your fine but what do I do?
I know your fine but what do I do?
I'm awake and trying
While you're sleeping like a babe beside him

I'm on the ledge while your so
God damn polite and composed
And i know you see me
and you're making it look so easy
What comes and goes I'd go with out
I know your fine but what if I
Fallout (fallout) Fallout (fallout) Fallout
Fallout through the fallout

Fallout (fallout) Fallout (fallout) Fallout
I know your fine but what about,
Fallout (fallout) Fallout (fallout) Fallout
Fallout through the fallout
Fallout (fallout) Fallout (fallout) Fallout
Through the fallout
What do I do?
I know you're fine, but what do I do?
I know you're fine, but what do I do?
I know your fine but what if I
Fallout (fallout) Fallout (fallout) Fallout
Fallout through the fallout
Fallout (fallout) Fallout (fallout) Fallout
Through the fallout
I know you're fine but what if I
I'm awake and trying
while you're sleeping like a babe beside him
I'm on the ledge while you're so
God damn polite and composed
Fallout (fallout) Fallout (fallout) Fallout
Fallout through the fallout
Fallout (fallout) Fallout (fallout) Fallout
