

Make It Last

Con Funk Shun

Here we are sharing this moment
Oh, here we are, don't waste this moment
Believe what you feel and know that the feeling is real
Can't you see, we have all the time in the world for love?
Make it last forever, make it last Take your time, don't try to hurry
Just take your time there's no need to hurry
'Cause love's on its way, why don't you stay here with me?
And you'll see we have all the time in the world for love
Make it last forever and ever, make it last, make it last
(Make it last, make it) Touching you ever so softly
Just touching you and not really caring if a world passes by
'Cause we have a lifetime to share
If you know we have all the time in the world for love
Make it last, make it last, make it last
(Make it, make it last)
Forever, forever make it last Make it, make it, oh, make it
(Make it, make it last)
All the time in the world, make it last
(Make it, make it last)
Forever
