

Have Love Will Travel

Tom Petty & The Heartbreakers

You never had a chance, did you, baby?

So good looking, so insecure

But now you say you can't remember

When the line you drew began to blur
Yeah, when all of this is over should I lose you in the smoke?

I want you to know you were the one
And may my love travel with you everywhere

Yeah, may my love travel with you always
Maggie's still trying to rope a tornado

Joe's in the backyard tryin' to keep things simple

And the lonely DJ's diggin' a ditch

Trying to keep the flames from the temple
Oh, and if perhaps I lose you in the smoke down the road

I want you to know you were the one
And may my love travel with you everywhere

Yeah, may my love travel with you always
How about a cheer for all those bad girls

And all the boys that play that rock and roll?

They love it like you love Jesus

It does the same thing to their souls
And when all of this is over should I lose you in the smoke?

I want you to know you were the one
And may my love travel with you everywhere

Yeah, may my love travel with you always

Baby, may my love travel with you everywhere

Yeah, may my love travel with you always, ohh
