

# Healer

Todd Rundgren

My child  
I had a visitation in my sleep last night  
Something was calling to me from a blinding light  
And told me not to fear it, hear it It said, "It's time to make the world a little wiser  
There are enough destroyers and critics  
The world needs a healer, healer" And I awoke, my heart was pounding  
'Cause it was not like me to have such dreams  
But I could not fall asleep for wondering  
Why the messenger had come to me? My child, I am too old and I am set in my ways  
But now I realize just what the voice conveyed  
You will be a healer, healer Rejoice, rejoice, rejoice  
Because the healer comes  
The healer comes  
Rejoice, rejoice, rejoice  
Because the healer comes  
The healer comes Your destiny I lay before you  
But then the choice was never yours nor mine  
When it's time to take this burden on you  
Then I will take the one you leave behind
