Disappearing

Screaming Trees

Don't you try to find me any more, I want to stay
Outside of your world this time you've thrown it all awayThat was one mistake I never thought you'd make
Once you walk the path that has no endClose the door and think awhile when you are all alone
Staring into nothingness your eyes have turned to atoneReturn, to yesterday, there is no easy way
Once you walked away, but now you stand, yeahFaded out of memories and moments that you took
Locked away inside a box, never thought you wouldFollow it down and back, disappearing in your own tracks
Don't you think you've had enough of that? Yeah
