

# Amber

## Casey Fallen

Arboretum(s), wax museums, we go.  
I wander, I ponder, alone. Your my one friend, I know.  
What else? Can you come to my show? Amber please don't go.  
Amber, You'll leave me alone. Berry farms and Audi cars, we go.  
Redesigning, reconciling, alone. Life's hard, but you're there, I know. Amber please don't go.  
Amber, you'll leave me alone.  
Amber please don't go.  
Amber, Please don't.
