

Take on the World

You Me At Six

Just say the word, we'll take on the world
Just say you're hurt, we'll face the worst
Oh I can see, see the pain in your eyes
Oh, believe. believe me and I have tried
No I won't, I won't pretend to know what you've been through
You should've known, I wish it was me, not you And just say the word, we'll take on the world
Just say you're hurt, we'll face the worst
Nobody knows you, the way that I know you
Look in my eyes, I will never desert you, and
Just say the word, we'll take on the world And it's the fight, and the fight of our lives
You and I, we were made to thrive
And I am your future, I am your past
Never forget that we were built to last
Step out of the shadows and into my life
Silence the voices that haunt you inside And just say the word, we'll take on the world
Just say you're hurt, we'll face the worst
Nobody knows you, the way that I know you
Look in my eyes, I'll never desert you, and
Just say the word, we'll take on the world, we'll take on the world And nobody knows you, the way that I know
you
And nobody knows you, the way that I know you
We'll fight, we'll crawl into the night
Our world, we'll go, with you by my side
The calm, the storm, we'll face it all And just say the word, we'll take on the world
And nobody knows you, the way that I know you
Just say the word, we'll take on the world, we'll take on the world
