Between The Two

The Bangles

Oh, my love
You say this is the end
I'll tell you it's the hardest thing
I've ever had to do my friend
But I'll go
I'll do what you say
But when I walk
I will walk away from you
And the dark place you come from
The hurt you share between the two
Run now
Hide what you know to be the truth
Yes, you know
(I will walk)
That I will walk away
And I'll pretend
(I will walk)
I don't feel something breaking
Look at yourself
It does no good to cry
It's not forever
But hey, you think that I'm so strong
You think I've got it all
Maybe you're wrong, ohh
Hey hey
So go
(I will walk)
I'll do what you say
But when I walk
(I will walk)
I will walk away
Hey hey
(I will walk)
I'll let you walk away
And I'll pretend
(I will walk)
I don't feel something breaking
