

Answer Me

Fighterpilot

I'm getting tired I want to go sleep
Forget the promises I must keep
In a little bit I'm gonna fall down
Gonna explode, gonna Leave town

It's not the same as when we last spoke
And I played it off like just a big joke
I need a head check I'm spinning around
Spinning around

You won't even know what hit you at all
at all, at all
Answer me, I promise I'll be brave
Would you miss me if I went away
If I went away
I said answer me, I promise I'll be brave
Would you miss me if I went away
If I went away

Isn't this great? I got the compact
Filled up with gas and got my atlas
Hit the road and never turn back
All alone and free at last

I could have sworn it's all that I need
A couple of tracks and the sound of a five speed
Gonna search for paradise, paradise

You won't even know what hit you at all
at all, at all
Answer me, I promise I'll be brave
Would you miss me if I went away
If I went away
I said answer me, I promise I'll be brave
Would you miss me if I went away
If I went away

Ooh ooh ooh, ooh ooh ooh
