Ocean Size Love

Leigh Nash

I know what I'm doing may be dumb
I know I should not be staring at the sun
But the thought of it leads me to temptationIt's the same whatever side you're on
Separated we're delicate and small
And the space between leads our retentionI see you right in front of me as close as you can get
And the greater you will lead as a daydream getsAnd it might seem much too far to get back to where you are
But it's close enough with an ocean size love
So if you can't reach out to me, send a sign across the sea
And I'll pick it up with an ocean size loveI don't have to worry any more
If I really need you I'll go to the shore
And the thought of you there is my protectionI see it right in front of me, a vision in my head
And I know this is as real as a daydream getsAnd it might seem much too far to get back to where you are
But it's close enough with an ocean size love
So if you can't reach out to me, send a sign across the sea
And I'll pick it up with an ocean size loveYou make no sound but I can hear you in the wind
I can see this never ends like the sea, like you for meAnd it's close enough with an ocean size love
So if you can't reach out to me, send a sign across the sea
And I'll pick it up with an ocean size loveAnd it might seem much too far to get back to where you are
But it's close enough with an ocean size love
So if you can't reach out to me, send a sign across the sea
And I'll pick it up with an ocean size love
