

# Vibrate

## Flux Pavilion

C'mon

Yeah yeah yeah

Make that ass vibrate, make that ass vibrate

Make that ass vibrate, shake that shit till you

Start an earthquake

I want them 3, to come up here wit me

So I can put 'em where they 'pose to be

One at the head, one in the middle

And one down by my feet, she keep ticklin' me

Neighbors bangin' on the wall 'cause we over here

Disturbin the peace, baby be easy

Rockin the bed so hard we done kicked off

All tha sheets, don't worry we don't need 'em

A couple hours in the session we done been

Through bout four CDs

(About four CDs)

Keith Sweat, Mary J, Brian McKnight, and Jodeci

(They love Jodeci)

By the way look think I need a couple can of energy drinks

(Yeah I'm gone need 'em)

Cuz these hoes go vibratin' in they coochie

I like the way yo ass be vibratin'

I like the way yo ass be vibratin'

I like the way yo ass be vibratin'

I like the way yo ass be vibratin'

Make that ass vibrate, make that ass vibrate

Make that ass vibrate, shake that shit till you

Start an earthquake

Make that ass vibrate, make that ass vibrate

Make that ass vibrate, shake that shit till you

Start an earthquake

Bend over and touch ya toes, blow smoke

Got ya hoes like you blowin' dro

Slide down the pole, upside down do it fast or slow

Round here we professionals, get flexible, real sexual

Make a nigga wanna eat it like a vegetable

When he see that ass rise like a buttered roll

Round here we gangstered out

This aint no titty bar we let it all hang out

Break bread till the song played out  
Show that nigga what a real bitch 'bout  
These cats thank they pimpin' like Don Juon  
But they all played out like the thong song  
Get ya money gul, show 'em what you really 'bout  
Rasheeda reppin' fo the ladies in the south  
I like the way yo ass be vibratin'  
I like the way yo ass be vibratin'  
Make that ass vibrate, make that ass vibrate  
Make that ass vibrate, shake that shit till you  
Start an earthquake  
I can fuck, any bitch in here, lay her on the pillow  
Crawl up behind her and cram all of it in her  
Ride her ass like a bicycle, hold right there  
When I move you move, just like that  
Just as show as yo ass is fat  
There's some 26 inch rims on a Cadillac  
Like spinners, sittin' on a sixty seven  
At the car show bumpin' Funk Master Flex  
I ain't met a bitch yet  
(And yeah)  
That I couldn't have  
All I gotta do is tell a hoe who I am  
Pull up to the side and get away from them  
Doom, doom, doom  
I like the way yo ass be vibratin'  
I like the way yo ass be vibratin'  
Make that ass vibrate, make that ass vibrate  
Make that ass vibrate, shake that shit till you  
Start an earthquake  
Make that ass vibrate, make that ass vibrate  
Make that ass vibrate, shake that shit till you  
Start an earthquake
