Ambulance Chaser

Search The City

You said, Just look on the bright side
But the bright side looks black and white
Just one more time, can we scale this fence
And scream at the city lights?
If we're playing for keeps you already beat meNow, I've come undone
Just so you could stitch me up
This damage seems to suit you
If I'm going down then you're going downNow, I've come undone
Just so you could stitch me up
This damage seems to suit you
If you're going down then I'll go down with youAnd there's red wine by poolside
We'll toast to the bitter end and the best mistake of our lives
They've got a name for you where I come from
You keep making a mess and turning heads
And the worst part is you know itNow, I've come undone
Just so you could stitch me up
This damage seems to suit you
If I'm going down then you're going downNow, I've come undone
Just so you could stitch me up
This damage seems to suit you
If you're going down then I'll go downThe haunting, the kind that I never saw coming
Are you haunting me?
You're the ghost that's digging my grave
I've got a gut feeling, can anybody hear me?
Got a gut feeling that you will be the death of me
If I go down then you're going down, babyIt's not what you said
It's just the way you said it
It's not what you said
But I can't forget thisNow, I've come undone
Just so you could stitch me up
This damage seems to suit you
If I'm going down then you're going downNow, I've come undone
Just so you could stitch me up
This damage seems to suit you
If you're going down then I'll go downNow, I've come undone
Just so you could stitch me up
This damage seems to suit you
If you're going down then I'll go down with you
