Sweet Sweet Rain

Gene Loves Jezebel

One starless night
Under shafts of blue light
I caught you staring
At the moonI felt so warm and so dry
As your song split the sky
I'm dancing under the
Water with youSo let it Thunder
Let the Heavens open
Sweet sweet rain
Feel the rain on your face
Dont' be afraid, Darling
Don't be afraidBehind the clouds the Sun
Is always shining
You're just like a storm
Coming out of the blueI'm dancing under the
Water with you
So let it Thunder
Let it blow
Let it blow
Wash away my sorrow
Sweet sweet rain
Feel the rain on your face
Let the Heavens open
Feel the rain
Feel the rain
