Until

Joe Wise

I gave you true desire
I gave you eyes to see
I gave you wings of fire
So you could choose to fly with me
I gave your heart a passion
I gave your life a theme
I gave you all the actions
So won't you come and dance with me?
Until the world has stopped revolving
Until the birds have left the trees
Until the winds have stopped from blowing
You'll be loved by me
Until the rainbows stop from shining
Until the fish don't swim the seas
Until the stars have stopped colliding
You'll be loved by me
I'll be the wind in summer
I'll be the sun in spring
I'll be the fire in winter
'Cause I can be your everything
'Cause I can be your everything
Until the world has stopped revolving
Until the birds have left the trees
Until the winds have stopped from blowing
You'll be loved by me
Take my hand
Be who you are
I'll be your fire
Just show me the spark
Until the world has stopped revolving
Until the world has stopped revolving
Until the winds have stopped from blowing
Until the world has stopped revolving
Until the birds have left the trees
Until the winds have stopped from blowing
You'll be loved by me
Until the rainbows stop from shining
Until the fish don't swim the seas
Until the stars have stopped colliding

You'll be loved by me
Until the world has stopped revolving
Until the birds have left the trees
Until the winds have stopped from blowing
You'll be loved by me
