

# All the Pretty Little Horses

[Bill McAdoo](#)

Hush-a-bye, don't you cry  
Go to sleep ye little baby  
When you wake, you shall have  
All the pretty little horses  
Way down yonder in the meadow  
Lies a poor little lamb ye  
Bees and butterflies pickin' out its eyes  
Poor little thing's cryin' mammy  
Hush-a-bye, don't you cry  
Go to sleep ye little baby
