

You're Gonna Get It

Angie Stone

I've been watching you very closely, and mostly you stick to yourself
You and nobody else Im digging your style
Never spot you with too many women acting foolish and giggling
Basically what I am saying is Im feeling you yeah, yeah Tell me what to do, just to be with you
Whatever it is you're gonna get it
Tell me what to do, just to be with you
Whatever it is you're gonna get it Do I gotta change my style just a little or a lot
Let me know so I can get it right
'Cause whether it's my hair, clothes I wear I dont care
Im gonna do anything I have to Tell me what to do, just to be with you
Whatever it is you're gonna get it
Tell me what to do, just to be with you
Whatever it is you're gonna get it Tell me what to do, just to be with you
Whatever it is you're gonna get it
Tell me what to do, just to be with you
Whatever it is you're gonna get it If you want me to
I would do anything that you could ask me to
And I would do anything to keep you happy, yes I will
All you have to do is Tell me what to do, just to be with you
Whatever it is you're gonna get it
Tell me what to do, just to be with you
Whatever it is you're gonna get it Tell me what to do, just to be with you
Whatever it is you're gonna get it
Tell me what to do, just to be with you
Whatever it is you're gonna get it Whatever it is
Whatever it is you're gonna get it
