

# I'm the One

## Packy

[Verse 1: Packy]

I'm the one

I'm the one

I'm the one that built it up  
I ain't seen nobody quick to help  
I'm the one that make the plays  
Handled the rock cause I gotta pay myself  
I'm the one that's always up late nights  
They were in the bed all tucked in  
Kill 'em all I don't gotta mount 'em on the wall as long as everyone know I bring the bucks in  
I'm the one your friends ask about  
I'm the one that got away  
People takin' bets on the day that I'll fall off  
I be in the booth yellin' "Not Today!"  
I'm the one that got it done  
I was in the classroom holdin' down two jobs  
Now I really do this shit  
Now we're into plan B  
Now you got new probs  
I'm the one they lookin' at, poster boy  
Now they all want to be the man  
Nobody want to be the little bro  
But they all want to be the fam  
That foo foo lame shit  
Now with that  
Five years grindin'  
No kick back  
Now they tell me I'm the one I'm the Big Mac  
Everything they tellin' me to do I did that  
  
Not one for the chit-chat  
Took a week back home for the sit-back  
Told 'em all take five but be ready for the wave when I get back  
I swear I'm on, I swear I'm on  
They know I'm right, they pray I'm wrong  
They hype me up, I play along  
In the end I'm the one they put the paper on

[Hook: Packy]

I'm the one  
(I'm the one)  
(I'm the one)  
(I'm the one)  
I'm the one  
(I'm the one)  
(I'm the one)  
(I-I'm the one)  
I'm the one  
(I'm the one)  
(I'm the one)  
(I'm the one)  
I'm the one  
(I'm the one)  
(I'm the one)  
(I-I'm the one)

Uh

Check the stats  
Sign my checks  
On the fronts and backs  
On that shit  
They don't pay that lone-ass shit  
They don't make you that clone-ass shit

I'm the one  
(I'm the one)  
(I'm the one)  
(I'm the one)  
I'm the one  
(I'm the one)  
(I'm the one)  
(I-I'm the one)

[Verse 2: Packy]

I been in the bat cave  
You know it's going down when you don't hear from me  
Doin' everything on the checklist makin' sure it's 'bout to be a hell of a year for me  
Shootin' by the hundred for the fields  
Said I wouldn't get a spot up in the game but I will  
Lot of people takin' both sides of the fence  
Go ride on the bench  
I don't need your fake ass still  
Can't nobody hold us

Try to mold us  
Do our thing and forget what they told us  
Now they tryin' to stand on our shoulders  
Actin' like a ball of bullshit that they sold us  
Actin' like they had a hand in it  
My shoe couldn't stand in it  
Actin' like they 'bout to get a hundred damn grand with it  
Talkin' 'bout everything they 'bout a cop knowin' damn well I'mma be the man with it

Oh boy, here I go  
Lookin' back where I was four years ago  
From the inside it was all planned out  
Outside look like a miracle, either way  
I'm not done  
Got cho girl tryin' to ride shotgun  
Tellin' me I'm a damn star in the making  
That's for anybody actin' like I'm not one

I hate to be like this  
All the talk is makin' me like this  
Ooh yeah girl cake to me like this  
I don't know how to behave now they used to me layin' down  
Playin' my role  
Then I move to the booth  
I ain't playin' now  
That was only phase one  
Look at where we came from  
I don't give a damn what they sayin' now

[Hook: Packy]

I'm the one  
(I'm the one)  
(I'm the one)  
(I'm the one)  
I'm the one  
(I'm the one)  
(I'm the one)  
(I-I'm the one)  
I'm the one  
(I'm the one)  
(I'm the one)  
(I'm the one)  
I'm the one  
(I'm the one)  
(I'm the one)

(I-I'm the one)

Uh

Check the stats

Sign my checks

On the fronts and backs

On that shit

They don't pay that lone-ass shit

They don't make you that clone-ass shit

I'm the one

(I'm the one)

(I'm the one)

(I'm the one)

I'm the one

(I'm the one)

(I'm the one)

(I-I'm the one)

I'm the one
