

# Sweetheart

## Sworn In

Oh sweetheart, oh sweetheart  
This is how we both start  
Oh sweetheart, oh sweetheart  
You're breaking my heartOh sweetheart, oh sweetheart  
I'm tearing us apart  
Oh sweetheart, oh sweetheart  
You're breaking my heartIf he touched you  
And you touched him  
And things changed on a whim  
Then I wouldn't know what to say  
I'll just sleep all day  
And fade into grey  
If he touched you  
What would I do?  
I think I'd have to kill you too  
Along with me  
Why can't you see?  
That this is such a perfect fucking tragedyOh sweetheart, oh sweetheart  
Oh sweetheart, oh sweetheart  
My lover, my lover, my lover  
FUCK FUCK  
My lover, my lover, my loverLover, my lover, my lover  
FUCK FUCK  
My lover, my lover, my lover
