The Best That I Can

I'm gonna love you, Lord
the best that I can
I'm gonna love you, Lord
be your kind of man
I give my life to you
all that I am
I'm gonna love you, Lord
the best that I can.

I'm gonna seek you, Lord
down on my knees
I'm gonna seek you, Lord
my heart is to please you
all that I ask you, Lord
Is help me believe
I'm gonna seek you, Lord
down on my knees.
Cause I've been all around
every road I walked down
Just led me straight back to you.
I'm a hard-headed man
but it's part of your plan
to save me

And I'm gonna trust you, Lord
Through the sun and the rain
I'm gonna trust you, Lord
See the joy in your pain
All that I must do, Lord
is to hope in your name
I'm gonna trust you, Lord
through the sun and the rain

Oh, Cause you are the one
the second to none
You are the Lord of my life

I'm making this Vow
I'm serving you now and forever

I'm gonna love you, Lord
the best that I can
I'm gonna love you, Lord
be your kind of man
all that I ask you, Lord
Is the love that you can give me
Cause I'm gonna love you, Lord
the best that I can.
I'm gonna love you, Lord
the best that I can
