

Live Now

Nas

Live now niggas
There's no promise of a second time around
Put it down wit' ya's
(Live)Live now there's no reason
Why shouldn't everything is up to you
All you gotta do is just
(Live)Live now we spinnin'
Not under the ground yet
We enjoyin' every second, yo
Live now don't forget to bro, yea
'Cuz I promise you'll regret it broPicture my last days it'll be so grim
My daughter at my bedside, respirator in me
Eyes dilated looking skinny trying to smile
Try to say something the whole room would quite down
Just to hear my last words, tears balled down my facial
Why fear anything? It's now to late toI'm dreaming of a time I was silked out
At the peak of my career but I always choked out
Leavin' mad money on the table at crazy amounts
I would hit the scene for a second and bounceAdmit I did live a little bit sweet pickled dick
Freaks licked on it lips I dripped on it
Sex I shot pearl necklaces on necks and tits
Traveled half the world wish I traveled the rest of itFrom QB to Mecca kid so if you knew me
You'd be proud to say I left you with enough memories
To resurrect me with
So live now niggaLive now niggas
There's no promise of a second time around
Put it down wit' ya's
(Live)Live now there's no reason why shouldn't
Everything is up to you
All you gotta do is just
(Live)Live now we spinnin'
Not under the ground yet
We enjoyin' every second, yo
Live now don't forget to bro, yea
'Cuz I promise you you'll regret it broDoctor Kravitz, you have a visitor in the main lobby
Doctor Kravitz, a visitor in the main lobby
Hey, hey, hey, how you doing now?It's been a long time since you came through to see your sis
You know I love you I've been a fan since Genesis
Gotta respect you 'cuz you never tried to smash

Since we met a while back and your style was mack
 Now I see you're a man after all you been through
 A standup dude held me down after Sekou
 Need more brothers like you in the hood
 Would have wifed you if I could
 But the white cells in my blood were no good
 Said I had it ten years but I was just a carrier
 I thought, Me a victim? Could never be my character"
 It's ill Se' passed the way he did, didn't know how to tell him
 Just happy it didn't get in our kid
 But all the things I did was the flyest
 Experiences were priceless
 Remember days of diamond cuts
 Nugget rings, clubs in Queens, Jetta cars
 Use to love them things, Barbados, Belize
 I stayed overseas shoppin' spree
 Credit cards, pockets of G's
 Left the hood phattest cribs
 To platinum from silver came back
 Bitches callin' me the black Liz Taylor
 Imagine that, Rob me?
 My nigga would kill ya'
 They knew the rules all the planes I flew
 All the niggas I ran through, lotta unprotected sex
 Don't know where it came from
 Grimy niggas, rich niggas damn it ain't a game son
 From the Cayman Islands from the Virgin Islands
 Gucci suitcases a chick did it after screw faces
 Critics and fans they need to get a life
 You doin' the right thing settle down get a wife, now
 I grew with you so you make me proud
 And most of all you gotta live now
 Live now nigga
 There's no promise of a second time around
 Put it down wit' ya's
 (Live) Live now there's no reason why shouldn't
 Everything is up to you
 All you gotta do is just
 (Live) Live now keep spinnin'
 Not under the ground yet
 Keep enjoyin' every minute, yo
 Gotta live it up to the limit, yo
 'Cuz I promise you'll regret it bro
 Son, come close
 Let me talk to you
 I got music
 Put it out to the world
 Let 'em hear it
 An' look out for lil' me
