

# Five Hours

## Deorro

Please, don't hold me back  
Please, don't hold me back, no Oh, oh, oh, oh, oh, oh, oh, oh  
Oh, oh, oh, oh, oh, oh, oh, oh  
We found some time  
To break each other's heart, yeah  
You said "Don't look back  
And find the road to follow, yeah." Please, don't hold me back  
Please, don't hold me back, no You said "Don't look back  
And find the road to follow behind." Please, don't hold me back  
Please, don't hold me back, no!
