

# Cool

## Snoop Dogg

I got a penthouse in Manhattan  
Two more in Malibu  
I bought a '87's Cadillac Seville, girl  
I got a Mazarati too I wear diamonds on my fingers  
I got a couple on my toes  
I wear the finest perfume money can buy  
It keeps me smellin' like a rose If you wonder how I do it  
There's just one simple rule I'm just cool, oh, oh, honey  
Baby, can't you see?  
Girl, I'm so cool  
Ain't nobody bad like me? COOL  
What's that spell? COOL I might dine in San Francisco  
Dance all night in Rome  
I go any freakin' place I want to  
And my Lear jet brings me home I got ladies by the dozens  
I got money by the ton  
Just ain't nobody better  
Heaven knows that I'm the one And it's all because of something  
That I didn't learn in school I'm just cool, cool, cool, cool  
Honey, baby, can't you see?  
Girl, I'm so cool, cool, cool, cool  
Ain't nobody bad like me? Sing it, baby, COOL  
What's that spell? COOL  
That spells cool  
Cool, cool, cool, cool  
Cool, cool, cool, cool What time is it? Cool Listen baby, it takes a lot of lovin'  
And a little money to be a friend of mine  
But baby, if you know how to shake that thing  
I'll try to squeeze a little time 'Cause I make love, love every mornin'  
To who's ever by my side  
'Cause you might say that I'm a nymphomaniac  
But it keeps me satisfied When I look into the mirror  
It just tells me something I already know I'm so cool, cool, cool, cool  
Honey, baby, can't you see?  
Girl, I'm so cool, cool, cool, cool  
Ain't nobody bad like me? Sing it, COOL  
What's that spell? COOL  
What time is it? Four  
Well, I'm so cool, cool

[illegible]

You know why? Why?  
'Cause we're cool, cool Yes, no, why? Cool  
Yes, no, why? Cool  
Yes, no, why? Cool  
Oh, I'm so cool
