

Listen to Me

Fredi Nest

Listen to me

We were lonely and the nights were cold
We were looking for somebody to hold
I needed you and you needed me
We said what we had to say
Tomorrow we will go our separate ways
I donâ€™t know why but I just donâ€™t wanna be alone

Chorus

Listen to me me I wanna be free
Listen to me oh canâ€™t you see
Listen to me how my heart is calling you

3 oâ€™clock and the streets are empty
Not a soul to be seen around
Just the two of us together
So much in need of love
If breathing was the only sound
Oh if this could only go on forever

Repeat chorus

Instrumental

Repeat chorus 4 x
