

Machine Gun Kelly

And if I must go and die at 27
 Then at least I know I died a legend
 Now, will you roll and ride like we're together?
 And keep the vibe alive inside forever
 And feel me forever They say I need to slow down, but I don't know how Yeah
 Real feelings from past dealings
 When people counted me out 'til I grew up to count millions, uh
 Like I guess it's good to be different, huh?
 I'm a star so the sky isn't the limit, huh?
 I'm living like it's my last day
 Smoke as if there's not already 27 roaches in the ashtray
 Smile as if no one hated at all
 As if anyone understood anytime I evolved
 Tell me what do you do when your dreams come true?
 Buy a Bentley and look just like you?
 How am I supposed to write a song when I'm famous
 And all the pain is created?
 I need to overdose on inspiration
 27 Why don't you just go home?
 Well, I can't right now, I'm a rolling stone And if I must go, and fly away
 And kiss my baby girl goodnight
 And if this really is goodbye
 Then let's set the city on fire
 Can you take me higher?
 Now, can you take me higher?
 Can you take me higher?
 Can you take me higher? If I must go, die at 27
 Then at least I know I died a legend
 Will you roll and ride like we're together?
 And keep the vibe alive forever
 Keep the vibe alive forever
 If I must go, die at 27
 Then at least I know I died a legend
 Will you roll and ride like we're together?
 And keep the vibe alive forever
 Keep the vibe alive forever I let these words seep through my soul
 And speak through the song
 'Cause if one day, I'm no longer here in the physical
 Then at least I give you my voice to listen to

What is a beautiful life without a beautiful death?
What is a beautiful mind, how is our beauty defined?
Is it for you to decide, is it my duty to die?
No matter how I'm a member, just let me be remembered

Kells

Yeah, forever young, though, haha
Always be those crazy kids running wide-eyed down the boulevard, huh
