can tell ive soiled my good name by the look apon your face

Chorous 1

well it.... seems last night you caught me spankin it
no use denying it i was really crankin it
dry your eyes dont be so sad
if you could just forgive me and talk to me dad

Woo! Alright Los Angles!

Verse 2

well i didnt hear you enter no i didnt hear te door
with my hand apon my member and my pants apon the floor
now daddy im ashamed and i completely understand
if you never want to hug again or even shake my hand

you would have seen your future grandchildren drippin down my hand
Yea!!! Wooooooo!!!
