

# Waiting No More

Paul J Kim

Now I'm waiting no more for you to  
Finally show you mean what you say. (Yeah yeah)  
You had your fun but it's finally done I'm walking away.  
(Yeah yeah)

Seen her around with her head down  
Walking down the halls and he calls Its the boyfriend.  
See her stall, she's not happy being his.  
Don't be that guy, you can see it in his eyes, doesn't care  
And he swears he's a gift to all woman. (Yeah)  
I just threw up in my mouth.

If you don't love yourself, you ain't gonna find it in someone else  
He's gonna use you, abuse you  
Drop like reception, it's a hard lesson  
But see it doesn't have to be that way

Just say, Now I'm waiting no more for you to  
Finally show you mean what you say.  
(Yeah yeah)  
You had your fun but it's finally done I'm walking away.  
(Yeah yeah)

Seen him around with his head down, faking a smile, been a while  
It's the girlfriend see his face, he's not happy being used  
Don't be that girl. She she's conniving his world,  
It's a game all the same, so she takes what she wants and leaves.  
Don't trip on your way out.

If you don't love yourself, you ain't gonna find it in someone else  
He's gonna use you, abuse you  
Drop like reception, it's a hard lesson  
But see it doesn't have to be that way

Just say, Now I'm waiting no more for you to  
Finally show you mean what you say.  
(Yeah yeah)  
You had your fun but it's finally done I'm walking away.  
(Yeah yeah)

Woah ahhhh woah ahhhh (4x)

Now I'm waiting no more for you to  
Finally show you mean what you say.

(Yeah yeah)

You had your fun but it's finally done I'm walking away.

(Yeah yeah) (2x)
