

# Shoot Out the Lights

Jessie James Decker

Remember when we started dating  
It was so intoxicating  
Living wild and never bound by time  
But I gotta tell you lately  
We're a bit domesticated  
You and me and the TV every night  
Don't wanna lose, that fire with you  
Let's light a fuse  
Shoot out the lights while we're still young  
Chase the moon till the morning comes  
Let 'em say we're the crazy ones, crazy ones  
Let's breathe the air that we used to breathe  
Back when we were seventeen  
I want you looking at me like you did that night  
So let's shoot out the lights, shoot out the lights  
Shoot 'em out, shoot 'em out, shoot 'em out  
Shoot 'em out, shoot 'em out  
Shoot 'em out, shoot 'em out, shoot 'em out  
Shoot 'em out, shoot 'em out  
Wanna make your heart race forever  
Make every moment we're together  
A memory on a highlight reel  
Wanna keep our energy going  
Like electricity flowing  
Wanna be a shock so hot you'll feel  
Don't wanna lose, that spark with you  
Shoot out the lights while we're still  
young  
Chase the moon till the morning comes  
Let 'em say we're the crazy ones, crazy ones  
Let's breathe the air that we used to breathe  
Back when we were seventeen  
I want you looking at me like you did that night  
So let's shoot out the lights, shoot out the lights  
Shoot 'em out, shoot 'em out, shoot 'em out  
Shoot 'em out, shoot 'em out  
Shoot 'em out, shoot 'em out, shoot 'em out  
Shoot 'em out, shoot 'em out  
Shoot out the lights while we're still young  
Chase the moon till the morning comes  
Let 'em say we're the crazy ones... yeah!  
Let's breathe the air that we used to breathe  
Back when we were seventeen  
I want you looking at me like you did that night  
So let's shoot out the lights, shoot out the lights  
Shoot out the lights, shoot out the lights  
Shoot 'em out, shoot 'em out, shoot 'em out (yeah)  
Shoot 'em out, shoot 'em out (ooh)

Shoot 'em out, shoot 'em out, shoot 'em out (shoot out the lights)  
Shoot 'em out, shoot 'em out So let's shoot out the lights, shoot out the lights  
Shoot out the lights, shoot out the lights
