Testified

Lacrimas Profundere

And I would
Be every single tear
And I would
Be more than close or nearBut I should
Be more than nothing
But I could
Never be youWhat a sea could be
Could be, could be
What a sea could be
As deep, as deepAnd I tried
To be so over high
And I would
Be more than testifiedShould it be
A life
Can you see
LightAre you, are you
Down and down
Just for youTestified
Testified
Testified
TestifiedTestified
Testified
Testified
