So Hard To Forget

TeV95

(So hard, so hard to forget, no one ever did it better
I've been missing you, yes you are)
So hard, so hard to forget
Your love (so easy to love)
I never said I had all the answers
I'm not looking to place the blame
Don't matter who's right or wrong
It's just not the same since you've been gone
(Ooh) baby you (no one ever no one ever did)
No one ever did it better than you
(No one ever did it better) and I guess
That's just what makes you so hard
(So hard) So hard to forget
Since the day you said goodbye I've been missing you
Yes you are so hard so hard to forget
But I've never found nobody so easy to love
Don't you think that the time together
Should be erased by the time apart
My friends they ask me, ask me where you've been
I just don't know where to start
I call another guy by your name, change your face for his
It's just not the same, I know I got to be strong (yes I must)
Yes I must go on (yes I must go on)
But I can't help it lovin' you baby, I can't help it
Ooh baby you (no one ever no one ever)
No one ever did it better than you ooh

I guess that's just what makes you so hard
(So hard) so hard to forget, since the day you said goodbye
I've been missing you
Yes you are so hard so hard to forget
But I never found nobody so easy to love (no one ever) Baby
(No one ever no one ever did it) (no one ever did it better)
(No one ever no one ever did, no one ever did it)
(Ooh ooh baby) no one ever no one ever, no one did it better
(Ooh ooh baby) (no one ever no one ever did)
(No one ever did it better ooh ooh baby)
(No one ever no one ever) (no one ever did it better)
Ooh baby you ooh ooh

No one ever did it better than you
And I guess that's just what makes you
So hard so hard to forget since the day you said goodbye
I've been missing you missing you (yes you are)
So hard so hard to forget
That I've never had nobody so easy to love
(So hard) so hard to forget, I've been missing you wanting you
We should be together (yes you are) we should be together (so hard)
We should be together (so hard to forget) for ever (so easy to love)
Your love for me is all I need (so hard so hard to forget)
Baby baby baby (missing you yes you are)
Your love for me is all I need (so hard so hard to forget)
(So easy to love)
