Peace Come Over You

The Rocket Summer

Bottled up
Felt the pain before but not this much
Oh my god, it's real
How will I ever heal?Here are your new eyes
It's time to see a life with brand new sight
How could I now ever see positively?It's hard trying to hold on
With all that I have lost
It all seems so wrong
But I trust you, oh GodIt's hard to know
When I'll recover fully it might be slow
And what would I ever do
If I did not have youTo hold me back
From throwing in the towel and not looking back
On everything you have done
And what you've overcomeIt's hard trying to hold on
With all that I have lost
It all seems so wrong
But I trust in you, oh GodSo will you hold me?
As I'm crushed, my heart is in pieces
And although I'm strong when I bleed
Right now, I'm just too weakPeace, come over you
Peace, come over you.
Feel the peace come over you
It's all you have to doPeace, come over you
Feel the peace come over you
Feel the peace come over you
It's all you have to do
