

# Whore

## In This Moment

(Intro)

I'm the girl you're thinking about  
The one thing you can't live without  
Yeah, I'm the girl you've been waiting for  
I'll have you down on your knees  
I'll have you begging for more(Verse 1)  
You probably thought I wouldn't get this far  
You thought I'd end up in the back of a car  
You probably thought that I'd never escape  
I'd be a rat in a cage, I'd be a slave to this place  
You don't know how hard I fought to survive

Waking up alone when I was left to die  
And you don't know about this life I've led

All these roads I've walked

All these tears I've bled(Pre-chorus)

So how can this be?

You're praying to me

There's a look in your eyes

I know just what that means

I can be, I can be your everything...(Chorus)

I can be your whore

I am the dirt you created

I am your sinner

I am your whore,

But, let me tell you something baby

You love me for everything you hate me for(Verse 2)

I'm the one that you need and fear

Now that you're hooked it's all becoming clear

That all your judgments that you placed on me was a reflection of discovery  
So maybe next time when you cast  
your stones

From the shadows and the dark unknown

You will crawl up from your hiding place

Take a look in the mirror, see the truth in your face(Pre-chorus)

So how can this be?

You're praying to me

There's a look in your eyes

I know just what that means

I can be, I can be your everything...(Chorus)

I can be your whore

I am the dirt you created

I am your sinner  
I am your whore  
But, let me tell you something baby  
You love me for everything you hate me for(Outro)  
I am the dirt you created  
I am your sinner  
I am your whore  
But, let me tell you something baby  
You love me!  
You want me!  
You need me! I can be your whore  
I am the dirt you created  
I am your sinner  
I am your whore  
But, let me tell you something baby  
You love me for everything you hate me for
